Perkins+Will's Vancouver Office Raises the Bar for Highest Number of Certified Passive House Designers in North America

[NEWS]

01.26.17

The Vancouver office of global architecture and design firm Perkins+Will raises the bar for having the highest number of Certified Passive House Designers of any design firm in North America. With the recent designation of seven more of its employees, the total number of Certified Passive House Designers and Certified Passive House Consultants in the Vancouver office has risen to 16.

Perkins+Will applauds its employees that have recently attained Certified Passive House Designer designation: Annie Boivin, Achim Charisius, Cheney Chen, Rafaela Kirloss, Kathleen Robertson, Spencer Todd, and Eli Wolpin.
